Mr. Robert Amory

Washington 25, D. C.

Dear Mr. Amory:

In accordance with your conversation with Dr. E. L. Allen regarding the WSEG request for input data submitted to the CIA on 23 September 1952, the requirements with regard to the aggregation of input coefficients have been defined in the enclosure forwarded herewith. The indicated aggregations are those which appear to the WSEG to be consistent with both the detail and validity of the data desired. However, if in the time available, the indicated approach places too heavy a burden on the CIA, appropriate adjustments in the data requirements may be possible.

The WSEG would appreciate receiving your advice regarding the date by which the desired data can be furnished.

Sincerely,

OSD Declassification/Release Instructions on File
